## **Profile**

Computer scientist with exceptional people skills and fierce passion for life seeking an innovative and engaging developer role. I wish to cultivate my technical ability with a team that aspires to make an impact. Engineering is art, technology is the future.

## **Education**

Colorado School of Mines, Golden CO  
Computer Science

B.S. June 2019

## **Technical Experience**

Dept of Interior - IA - DEMD, Golden, CO (Dev): Active directory, capital planning, risk assessment, service manager, installations, firewall permissions, networking.

Woot Math, Boulder, CO (Intern): Built a single-page web app to support math content upload, digitization, tagging, storage, editing, etc.

## **My Stack**

C++ (OOP/TDD), Mongo/Express/Vue/Node/TypeScript/Docker (Agile/Scrum),  
Python (Numpy/Pandas/Scikit/Matplotlib), Ruby, Git, bash, SQL, PHP,  
HTML, CSS, HTTP/TCP/IP, OpenSSL, Postman.

## **Non-Technical Skills/Attributes**

Interpersonal: Leading, listening, networking, speaking, teaching, writing.

Individual: Abstract thought, emotional intelligence, creativity, critical analysis, discretion, honesty, imagination, initiative, resilience, strategy.

## **Other Interests**

Academic: Epigenetics, math, neuroscience, physics, physiology, psychology.

Liberal: Economics, etymology, history, mythology, philosophy.

Athletic: Hiking, martial arts, river rafting, yoga.

Artistic: Astrology, chess, dance, drawing, painting, singing, theatre, writing.
